School Superintendent's Report

Shelburne, N. H., February 1, 1931.

To the School Board and Citizens of Shelburne:

Your school opened for the fall term with an enrollment of thirty-three pupils—seventeen boys and sixteen girls. Since then there have been four leaving school, so at the present time the enrollment is twenty-nine. This is, for a rural school, a large enrollment, but under the efficient management of Miss Florice B. Lamkin, a teacher of several years experience, the work seems to be going very well.

The lower grade pupils have shown an especially marked degree of progress, since the opening of school. Standard tests given the upper grades have shown them in most cases up to the standard requirements for their grades.

The school census of 1930 showed thirty-six pupils in town between the ages of five and sixteen.

The enrollment for the last complete school year ending June 1930 is as follows:

Grades	Boys	Girls	Total
First	4	3	7
Second	3	0	3
Third	2	2	4
Fourth	1	2	3
Fifth	2	3	5
Sixth	0	1	1
Seventh	3	0	3
Eighth	0	0	0
—	—	—	—
	15	11	26

Six pupils were in attendance at Gorham High.

The average membership for this year was 22.98 and the percent of attendance was 90.94.

New text books in Geography and History have been introduced in order that this work may conform more closely to the New State Program of Study.

In order to make your school building Modern and up to date, somewhat extensive attention and renovations should be made. The school yard should also be enlarged in order to provide for a proper playground space.

Respectfully submitted,

W. S. ADAMS.
